

WHO WE ARE

INDUSTRIAL ELECTRICAL & AUTOMATION SOURCING

PRECISION SUPPLY SIMPLIFIED

Integration Components. Power Distribution Equipment. One Reliable Supply Partner.

Helping integrators, OEMs, EPCs, contractors and industrial operators source the right electrical equipment quickly and competitively.

CONTRACTOR-FOUNDED PERSPECTIVE

Our customer-first approach drives success at every interaction. Our mission is to be the industry's trusted parts provider, known for rapid response and outstanding communication.

AGILE GLOBAL SUPPLY CHAIN

Flexible order requirements and optimized lead times enable faster, more efficient project delivery. We manage supply and logistics, so you can stay focused on execution.

CURATED PRODUCT PORTFOLIO

Our streamlined product offering features innovative, high-demand solutions, carefully selected to support performance, reliability, and the evolving needs of the industries we serve.

Partnering with Integrators, OEMs, Contractors, EPCs, and Asset Owners powering success across the energy, Manufacturing, Renewable and Industrial Markets.

At **EAC Global**, we help our customers navigate the complexities of sourcing industrial electrical equipment and components. We deliver high-quality products and tailored solutions that improve operational efficiency and reliability. With a deep understanding of market demands, we ensure you get the right products at the right time, supported by our expert guidance every step of the way. We bring you the benefit of small company service with large company reach.

With lightning-fast response times, we deliver tailored stock programs and supply strategies to reduce delays and provide greater price certainty.

AUTHORIZED DISTRIBUTION PARTNERS:

Our strong partnerships with leading suppliers enable us to deliver reliable electrical, automation, and networking solutions tailored to your needs. With high-quality components, seamless integration options, and expert technical support, we help you improve efficiency, reduce lead times, that keep your project and operations running smoothly.

Sourcing Solutions Without Limits

Whether you need new components, specialized materials, or something outside the usual channels, we've got you covered. We manage full-cycle supply strategies to keep your project moving, with responsive access to the parts you need and fewer delays. With a stocked inventory of quality surplus, we stay with you from quote to delivery because we know how costly silence and setbacks can be.
